Hubbell Delivers Multi-Service, Floor Box for Concrete and Raised Access Floors!

Raised Access and Concrete Recessed Stamped Steel Floor Boxes

Hubbell offers a complete line of recessed stamped steel floor boxes for raised floor and concrete floor applications. These multi-service boxes are available in four or eight gang options and utilize modular face plates. Single gang face plate options include blank, toggle, Style Line®, duplex and various manufacturers' data openings. The metallic cover/flange assembly features a large cable door to provide ample room for exiting cables.

Pour boxes are also available to allow raised access floor boxes to be used in concrete slab-ongrade applications. All Hubbell raised access floor boxes are acceptable for use in environmental air handling spaces other than ducts or plenums per NEC article 300.22(C) other space used for environmental air and are UL Listed.

Hubbell concrete floor boxes are UL Listed for carpeted or tile applications.

RAISED ACCESS

Step 1: Select raised access floor box.
