

## Jack Termination Tool

Designed for use with QuickPort modular snap-in connectors or other Type-110 blocks, this plastic punchdown tool presses wire conductors in place. Rated for a maximum of 50 insertions only. Note: A separate cutting tool, such as a diagonal cutter, is required to trim off the ends of wire conductors (Jack shown is sold separately).

Jack Termination Tool	
Description	Part Number
(A) Jack Termination Tool Carded unit pack	40865

## Universal Stripping Tool

Cuts and strips unshielded twisted pair (UTP) cable, flat wire for modular plugs and stranded speaker wire.
