

Charge Multiple Devices

The Leviton line of USB Charger Devices offers powerful charging capabilities to get your electronic devices up and running fast!

Our USB Charger Devices feature a smart chip that recognizes and optimizes the charging power of your electronic devices for fast and efficient charging. Strategically placed vertical USB Ports in all models provide generous room to insert and maneuver charging cords and add to the contemporary and aesthetically appealing design. Plus, adapter-free charging eliminates unsightly clutter contributing to a neat appearance on countertops, desktops or wherever you choose to charge.

Available with outlet or without, Leviton USB Charger Devices are a powerful solution to help keep you connected to all your favorite mobile devices.

Performance and Safety

By combining function with style, USB Charger Devices are perfect for both residential and commercial applications including kitchens, bedrooms, home offices, hotels, airports, salons and spas, office cubicles, college dorm rooms and other locations where hassle-free charging is a priority. All our USB Charger/Tamper-Resistant Outlet devices feature Leviton's NEC® compliant Tamper-Resistant Outlet. The outlet's shutter mechanism is designed to block access to the contacts from most foreign objects for improved safety.
