

Populating The Structured Media® Enclosure — The Nerve Center of the Connected Home

Get enterprise-grade, best-in-class broadband network performance capability with Leviton Connected Home components. All Structured Media® solutions are engineered to work together, providing a clean and organized base and simplifying integration from rough-in through line activation.

- 1 Structured Media® Enclosures**
These versatile enclosures allow you to manage and distribute a full range of voice, data, audio, and video wiring from one central location. We have enclosure solutions for wood frame, concrete, and cinder block construction.
- 2 Data Patching & Distribution**
Leviton offers durable Cat 6 and 5e panels and modules for data cable distribution. The high-end Twist & Mount Panel makes installation easy and provides easy access for moves, additions, or changes in the home network.
- 3 Telephone Patching & Distribution**
Choose from a wide selection of telephone distribution boards, modules, or panels for the secure feel and sound of a telephone landline. Our Telephone Input Distribution Panel (TIDP) supports inputs for use with “triple-play” modems and complements the look and simplicity of our Twist & Mount Patch Panels.
- 4 Internet Routers & Switches**
Leviton has high-speed routers to share Internet access over a Wide Area Network (WAN) in the home or office, and Ethernet switches to network additional PCs, printers, and other peripherals beyond router capacity.
- 5 Premium & Passive CatV Splitters**
Distribute the incoming RF signal to locations throughout a home via coaxial cable using Leviton passive CatV splitters, or use Premium splitters to optimize the performance of digital cable signals to handle HDTV. The Premium splitter’s forward-path internal amplifier provides equal input and output levels on all ports.

- 6 Ultra High-Flex Patch Cords**
The structured cabling system you install today will likely change tomorrow. Ultra High-Flex Patch Cords help make changes easy. They allow for tighter radius connections and a cleaner finished appearance inside a dressed Structured Media® enclosure.
- 7 Multi-Room Audio**
The Hi-Fi™ 2 Four Source, Four Zone (4x4) is a quality distributed audio system that integrates easily inside a Structured Media® enclosure. It is ideal for controlling, sharing, and listening to audio systems throughout the home. More information on the Hi-Fi™ 4x4 system is available online at leviton.com/hifi4x4.
- 8 Integrated Power Supply**
Structured cabling systems rely on active gear that requires low-voltage power and surge protection. Leviton offers power supplies with extra plugs that eliminate the need for bulky power adapters within enclosures.
- 9 ISP Modem (provided by service provider)**
The modem converts DSL, cable, or fiber optic signals for Internet access for triple-play service or pure data connections.

Use the online Structured Media® configurator to help design your structured wiring network at leviton.com/homeconfig

MOUNTING BRACKETS & PATCH CORDS

Mounting Brackets & Patch Cords

Mounting Brackets	
Description	Cat. No.
[A] Single Plastic Bracket, for single expansion board, White	47612-SBK
[B] Standard (12" width) Expansion Plastic Bracket, for up to five expansion boards, White	47612-EBK
Shelf Plastic Bracket, for up to three expansion boards and CatV splitter, White (compact width)	47612-VSB
[C] Compact (6" width) Expansion Plastic Bracket, for up to three expansion boards, White	47612-HBK
[D] Data Plastic Bracket, for mounting routers and switches	47612-DBK
[E] 12-Port QuickPort® Mounting Bracket	47600-QPB

- Features and Benefits**
- Made of sturdy white ABS plastic
 - Include push-lock pins
 - Snap-in installation in any Leviton 14", 21", 28", or 42" Structured Media® Enclosure
 - Allow for cable management via routing under bracket
 - 12-port bracket made of black polycarbonate
 - 12-port bracket accepts all QuickPort® connectors

Patch Cords	
Description	Cat. No.
[F] HOME 5e® Ultra High-Flex Patch Cord	5HHOM-xx*
8-Conductor Flat Telephone Patch Cord, 8" long	42400-8FG

xx length: 6" (6), 1' (01), 2' (02), 3' (03), or 4' (04)

- Features and Benefits**
- Low-profile Ultra High-Flex Patch Cords allow tighter radius connections
 - Available in five lengths and two colors

Color Choices *Patch cords are offered in two colors. To order colors, add suffix to Cat. No.

Multimedia Adapter Bracket and Mounting Plates	
Description	Cat. No.
[G] Multimedia Adapter Bracket	47612-MMA
[H] BNC Mounting Plate, 6-pack, loaded	5F100-BNC
[I] F-Connector Mounting Plate, 6-pack, loaded	5F100-6VF
[J] QuickPort® Mounting Plate, 6-pack, unloaded	5F100-6QP

- Features and Benefits**
- Bracket is constructed of white powder-coated steel
 - Plates are constructed of black powder-coated steel
 - Bracket includes push-lock pins for mounting in Structured Media® enclosures
