Network Wiring
Frames and Plates

Fit industry standard rectangular (GFCI) style openings.

Tamper-resistant, rear Keystone mounting.

The HPS1DOW and P8DOW are UL listed for power and low voltage and feature label fields.
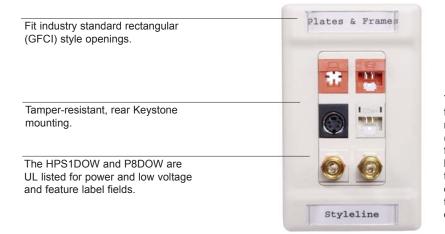

The StyleLine® and 106 duplex outlet frames provide instant communication mounting capabilities within a rectangular (GFCI) or duplex electrical design. These frames deliver 2 to 6 port configurations, lending flexibility and increased capacity to the work area. StyleLine frames give a contemporary finish to any style application and can accommodate a broad range of retrofit applications.

Wall Phone Plates

HBL630S1GJ8   **HBL630SR1GJ8**

Features

- Material: 430 stainless steel.
- Studs mounted in standard positions to accommodate any standard wall phone.
- Mounts to any standard, single-gang wall box.

The stainless steel 630 series wall phone plates have been designed for use with wall mount telephones. The 630 series phone plates provide corrosion-resistance, durability and will mount to any standard single-gang box.

The flat style allows 6-position USOC and Cat 5e jacks to flush mount with the plate. The slight recess allows the modular jack to extend out from the plate and mate with phone's sliding rail plug.

Wall Phone Plates

Jack Format	Includes	Catalog Numbers
Flush	6-position USOC gray jack, RJ25.	HBL630S1GJ6
Flush	8-position Cat 5e, gray jack, RJ45.	HBL630S1GJ8
Recessed	6-position USOC gray jack, RJ25.	HBL630SR1GJ6
Recessed	8-position Cat 5e, gray jack, RJ45.	HBL630SR1GJ8
