Full Pressure Flange Kit

2-1/2	9851025FPKIT	059469
3	9851030FPKIT	059477
4	9851040FPKIT	059358
6	9851060FPKIT	059359

Note: Kit includes one (1) Corzan socket flange-solid style. For detailed installation instructions of IPEX Corzan FP Flange Kits, please refer to our Volume I: Vinyl Process Piping Systems Technical Manual.

All Molded Flanges are rated at 150 psi at 73°F, non-shock. Standard 150 lb. bolting pattern.

CAUTION: When thermoplastic flanges are used with butterfly valves or other equipment, where a full face continuous support does not exist, a back-up ring or fiberglass reinforcement should be used to prevent cracking of the flange face.
