# Cable Assemblies & Connectors

Connect data center, telecom room, and work area equipment with Leviton cable assemblies and connectors. Copper trunks can be custom ordered in a wide variety of options — including pre-terminated to e2XHD cassettes — greatly reducing installation time. Patch cords are available in Cat 6A, 6, and 5e, UTP or shielded, lockable, and a variety of lengths, colors, and jacket types. New Atlas-X1 connectors allow for fast tool-free terminations and ensure best-in-class component-rated performance.

## SECURE RJ SYSTEM

- Compatible with industry-standard RJ ports in most network equipment, devices, patch panels, and work area outlets
- Same-color extraction tool disengages color-matched patch cords and port blockers
- Transparent housing allows color coding without blocking visibility to Link/Status LEDs on electronic equipment
- Port blocker prevents unauthorized network connection and protects open, unused ports
- Cat 6A & Cat 6 Secure RJ Patch Cord options available

| SECURE RJ SYSTEM | | |
|---|---|---|
