# Patch Panels & Cross Connect

Choose Leviton for all your patch panel needs. Our e2XHD high-density panels make patching easier than ever, using snap-in copper and fiber cassettes. Other popular styles include the 1RU 48-port, component-rated Cat 6A 110-style, and composite panels with a customizable face. Additional UTP and shielded panels, the patented Zero-U VertiGO®, die-cast high-density panels, recessed panels for close quarters, and two angled styles round out the industry's largest selection of patch panels.

ANGLED UTP 110-STYLE & QUICKPORT® PATCH PANELS

• Angled design conserves rack space by routing patch cords directly into vertical cable management

• Angled design facilitates proper bend radius and simplifies termination

• 110-style angled panels include a snap-in plastic label holder and card stock labels

• QuickPort angled panels include white write-on blocks

• Select panels include patented magnifying lens label holders for easy reading

ATLAS-X1™ ANGLED SHIELDED QUICKPORT PATCH PANELS

• Shielding protects against electromagnetic interference (EMI) and radio frequency interference (RFI), and provides excellent alien crosstalk (AXT) suppression

• Include appropriate grounding hardware

• High-density 1RU 48-port option maximizes rack space and reduces costs in high-density applications
