

Renu® Switches

Leviton Renu® switches feature a shallow design that easily installs in any wallbox and is self grounded when installed in a properly grounded metal wallbox. The wiring options include Quickwire, back, or side wiring for quick installation. Switches for every need include single pole, 3-way, 4-way and combination devices, all with gently curved edges and sculpted lines.

Features and Benefits

- Shallow depth for easier installation
- Self-grounded when installed in a properly grounded metal wallbox
- Back, side and quick wired for fast, easy installation
- Terminals designed to withstand high torque and resist wire pullout
- 3-way and 4-way switches are available for controlling lights from multiple locations
- Innovative tongue and groove design for effortless alignment in multi-gang installations
- No subplate behind the wallplate or visible mounting screws
- Switch face easily snaps OFF and ON to change color
- Once installed, Renu® switches can be updated to a new color by ordering a color change kit
- To complete the look, snap on a matching or contrasting Renu® screwless wallplate (sold separately)
- Use only with Renu® wallplates
- Backed by a limited 5-year warranty
