

Creates Diamond-style crimp

Manual Compression Tools

TBM45S Crimp Tool

- Wide range of #8 to #2 for copper lugs and #10 to #6 for aluminum lugs
- Each die has die code embossing
- Shure Stake® mechanism ensures a properly completed crimp each time
- Colour-coded die wheel rotates into position for proper die nest adjustment
- Also installs up to green colour-coded C-Taps and MD2 Series motor disconnects
- Requires two crimps per connector

T- pending Crimp-Assit™ foot provides stability when work surface leverage is needed to crimp larger connectors.
